The Glant Despair

The Giant Despair.
One of the most horrible things about the nervous diseases to which women are peculiarly subject is the sense of overwhelming despair which they bring upon the mind.
A woman's mental condition is directly and powerfully affected by any ailment of the delicate, special organs of her sex. Such a difficulty not only racks her body with pain and suffering but burdens her with mental anguish which words can hardly describe.
Thousands of women have had a similar experience to that of Mrs. Burath A. Williams, of Westport, Oldham Co., Ky., in which the use of Dr. Pierce's wonderful "Favorite Prescription," by imparting health and strength to the implicitude organism, has not only restored complete vigor and capacity to the bodily powers but has also given renewed brigittiess and buoyancy of spirit.

A preparation must possess great merit to maintain such a reputation. I believe your assusparilla to be the best blood purifier that has ever been introduced to the general public. I often hear other manufacturers say that this is "as good as Ayer's," but no one ever yet heard it said that Ayer's was "as good" as any other kind. A CHAMPION EG YPTIAN CYCLIST.

Jean George Timmeris Is Coming to America to Scorch With Its Leading Riders.

Bicycle circles are in a flutter of ex- championship of Egypt, which embraced of Jean George Timmeris, the champion Egyptian rider. Sporting enthusiasts have been treated to exhibitions of "Terrible" Turks, strong men, and profemional athletes of various descriptions but upto this time we have not had the pleasure of testing the qualities of a cyclist from the east. All the foreign champions have hailed from Europe.

Timmeris is only eighteen years of age and made his debut in the athletic world in the fall of '97. Since then his principal races have been run in Cairo and seldom has he met with reverse. Previous to his appearance in competition the young rider had been an ardent devotce of the wheel for five years.

On July 14 there was a race for the seasion.

Besides this distinction Timmeris holds the Brassard d'or Egyptian, which carries with it a weekly income. During the winter campaign the thrifty rider secured fifteen firsts, four seconds, and one third. Negotiations are now being transacted for an extended American tour, and it is not at all improbable that he will appear in some of the six-day and century races during the coming season.

The "Scarf of Honor" shown in the accompanying picture is emblematic of the championship and the decoration on the arm represents the Brassard's posSULTS-GEO. H. STIPEL & Ob.
